The permit application for a seawall around the island was denied. RLI continues to work with the MDEQ to obtain a permit for the seawall members voted on. However, the scope of the project may need to be changed to gain approval from the MDEQ depending on the results of the ongoing appeal process. This will be discussed during the Fall General Membership Meeting.

Boat Ramp Use

As winter approaches and you want to get your toys off the water please note the following procedures:

1. There are no set open hours for the boat ramp. Please call your area trustees to make an appointment. If one of your area trustees is not available then try other area trustees. Please provide at least 24 hours advance notice so we can schedule boats together when possible. Thank you.
2. In order to use the boat ramp:
 - Your RLI annual dues must be paid;
 - Boats must be titled to Runyan Lake riparian property owners or their renters;
 - An RLI sticker must be present on the boat;
 - Your state of Michigan watercraft registration must be current.
3. Watercraft and trailers must be clean if coming from another water body to minimize risk of introducing invasive species. Please require any marina or trailer service you utilize to do the same. Starry Stonewort is now here because it was introduced from another lake at the RLI boat ramp!

Fair Warning

The DNR and Livingston County Sheriff have keys to the boat ramp and may visit the lake at any time. Runyan Lake Inc. bylaws require compliance with state of Michigan boating regulations, including having your boat registered with the state. We encourage you to be sure your boat registration is current.

Water Quality

Testing for E. coli bacteria was performed on May 24th. Bacteria counts were less than the state of Michigan public health standard for total body contact recreation, such as swimming. Detailed test information and locations can be found on our website. Early August sample results were not available at press time. Please see our website.

Weed Control

Weed control treatment was provided by Aquatic Nuisance Plant Control again this year. Treatments were applied on June 22nd, July 9th, and August 8th. More details are available on our website.

Goose Control

At the time of the planned removal no geese were present on the lake!

Trash in our Lake

We have received complaints this year about people throwing trash in our Lake. This trash ends up on someone's shoreline. Glass bottles have also been intentionally set in the water to float around the lake. If hit by a tuber or skier, these bottles will likely cause a serious injury. Please respect your lake and the shorelines of your neighbors. Anyone identified intentionally floating bottles will be turned over to the Livingston County Sheriff for prosecution.

100 Foot Rule

Please remember to observe the 100 foot rule - if your watercraft is moving fast enough to create a wake you must stay at least 100 feet from the shore or any boat, dock, or raft.
