Basketball Court Fundraiser

Neighbors:

At our Annual Spring Meeting it was decided to replace the basketball court. The cement is badly cracked and has been in need of replacing for several years. The membership agreed to authorize \$2500 for the project. Unfortunately this amount is significantly insufficient for the project. There have been bids collected for the following:

- Size 60 long by 40 wide
- 4 inches of sand and 4 inches of cement
- Wire mesh and a bonding agent
- Removal of grass/dirt
- Level provide sand/dirt to level cement with existing ground/grass

This court would be 1/3rd larger than the present court allowing for greater seating during the Annual Turtle Race and more room for basketball or other court games for the residents.

The cost for the project is \$9500. (The cost for just replacing the current slab would be about \$6500.) Since in either case we are significantly short of the authorized funds a fund raiser has been initiated to cover the cost of the project.

Individual donations are being solicited and a status indicator has been located by the mailboxes. Our goal is to raise the additional \$7000.00 to complete the project before the turtle race. Individuals contributing \$100.00 or more will have the family last name on a plaque located on or near the slab.

Please make checks payable to RLPOA – our association and mail them to the address above or drop them off at the above address :

Let's all band together so we can complete this project this year and provide our children a great place to play basketball while enhancing our overall community.

Sincerely,
Hugh
