

In reference to the approval at the Tyrone Township board meeting on December 6, 2016 there has been a rate increase for operating & maintenance (O&M) of the sewer. The reason for this rate increase is due to an increase for fixed rate fees for maintenance and operation from Livingston County, effective January 1, 2017, for the use of the sewer system. These rate changes will be reflected in the January 2017 Utility Bill for all sewer billings in residential. The following increase will cover cost incurred as of January 1, 2017:

2017-rates

Grinder Residents = \$219.25

Gravity Residents = \$205.65

2016-rates

\$212.89

\$200.77

These rates include sewer flow usage along with funds held under Operating and Maintenance for repairs and maintenance to the system and funds held under Sewer Debt for payment to sewer bonds. Should you have any sewer emergencies contact Livingston County Drain Commission at (517) 546-0040. **Notice: We have online payments for utility bills at www.tyronetownship.us. You can pay by credit card or e-check, bank fees apply for this service.**
