Permission is hereby granted, based on information supplied on the permit application and on the applicant's assurance of adherence to State requirements, to apply chemicals to the waters described herein for the control of aquatic plants and/or algae in accordance with the above referenced permit.

This renewal incorporates chemical label updates or revisions (i.e. Navigate 2,4-D) that affect permitted product concentrations or amounts specified in the original permit, upon which this renewal is based.

This renewal also incorporates aquatic vegetation survey requirements as specified by a previous fluridone permit, if applicable.

Initiation of any work on the permitted project confirms the applicant's acceptance and agreement to comply with all terms and conditions of the permit. Any noncompliance with terms of the permit constitutes a violation of the NREPA and is grounds for enforcement action.

The provisions of the renewed permit are severable. The renewed permit may be revoked during its term in accordance with applicable laws and rules.
