CERTIFIED APPLICATOR

The chemicals used for Aquatic Nuisance Control are registered by the U.S. Environmental Protection Agency, and the Michigan Department of Agriculture. The potential for damage to fish and other non-target organisms is minimal provided that the product is used as directed on the product label and the permit. To minimize the possible effects on the environment, the treated water is restricted for the above purposes.

Authority: Parts 31 and 33 of R.A. 401 of 1994, as amended.
